Choking Hazard!

Set will contain small parts. Not intended for children under the age of 3.

Build Notes:

- It may seem that 64 of the 4x4 plates is a lot of parts but there are a few large sellers on BrickLink that have them for less than finding 4x8 or 8x8 plates.
- If you have a large stock of larger plate sizes, I recommend maintaining the spacing of the 2x2 bricks to allow for easy building on top of the plate.
- The pink bricks should be a unique identifier so change them to a color that you like.
- The yellow 2x2 bricks can be any color.
